Purpose: Brief the Acting Deputy Administrator on proposed comments to the Pavillion Report

Role of the Deputy Administrator: Direction to the RA and information or briefing to the Administrator as appropriate.

Background: Wyoming Department of Environmental Quality has issued the "Pavillion, Wyoming Area Domestic Water Wells Draft Final Report and Palatability Study" for

public review and comment; this is the third of three reports expected from the State of Wyoming on the matter of water well contamination in the Pavillion Oil and Gas Field. The report has been reviewed by teams in Region 8, ORD, and OW and a lengthy technical comment document has been prepared and vetted across the offices. The RA and other offices will meet with Director Parfitt and others of WDEQ on March 11 to informally discuss the report. Public comment on the report is due March 18.

Last possible date for the meeting: March 16, 2016

Is the meeting urgent and if so why?: Yes. The multiple offices have needed nearly the entire review period to read the report and vet draft comments. Any feedback from the AO will need to be incorporated quickly to meet this deadline.
